FLOOR DEBATE

LB 743

Senator Synowiecki's amendment, but I suggest to you that it is not narrow. It will allow people, organizations, to make calls by or on behalf of a nonprofit organization that's described in 501. They don't have to be certified. They simply have to be described. And while I appreciate Senator Smith's concession on this, and again I'm going to vote for Senator Synowiecki's amendment, but it's broader yet. I want to go back to the bill for just a minute, and talk...I already said before, it's not clear. When you have to state clearly the identity of the person initiating the call, does that mean the person making the call, or the person and the entity, or does it mean the entity? I don't know. And then, on page 3, it talks about, in Section 3, the National Do Not Call Registry established and maintained by the Federal Trade Commission pursuant to a particular section of the CFR, talks...will be the Do Not Call Registry for the state of Nebraska. But we already talked about, the FCC is...

SENATOR BRASHEAR: One minute.

SENATOR BOURNE: ...implementing rules and regs as well. So what do we do? Okay, so the Federal Trade Commission is the do not...is the designated do not call list for Nebraska? But what about the Federal Communication Commission list? Is it a separate list? Are they going to merge those two lists? If they merge the two lists, is it a combination FTC and FCC list? And if it is, can we use it? Because our statute would say that the Federal Trade Commission list is our list. It doesn't say a Federal Trade Commission and a Federal Communications Commission list. And I'll give you...I'll concede that Senator Smith's amendment is a lot better than the bill. It makes a lot of concessions. But in order to further this on...let's move this over to Select, let's move this over to Final...we've ignored a lot of details here. It's not properly drafted. It doesn't accomplish what we want. And again, I'm going to support Senator Synowiecki's amendment. But you do not have to be a 501 company...or corporation. Senator Chambers keeps talking about a 501(c)...

SENATOR BRASHEAR: Senator Bourne, your time. Thank you.
